

JACKSON & HINES [^] news!

I'm so pleased to announce two new additions to the Jackson & Hines family: Carol's Daughter and Éminence Organics.

Carol's Daughter is an all-natural hair- and body care line that is (as Lisa, creator of Carol's Daughter, says) "inspired by nature and made with love." Come see what all the rage is all about, and why celebrities like Oprah, Jada Pinkett, Tyra are crazy about Lisa's Hair Elixir, the very yummy Almond Cookie Shea Soufflée, and so much more!! Check it out at <http://www.jacksonandhines.com/jh-carolsdaughter.php>.

Éminence Organic Skin Care has been around since 1958 and was perfecting efficacious organic skin care remedies long before "organic" was a buzzword. See for yourself at <http://www.jacksonandhines.com/eminence-organic.php>. Éminence products combine ingredients that are bio-dynamically grown, hand-picked, and hand-mixed all in Hungary, but they're quickly gaining a following right here in the U.S. Celebs like Jennie Garth, Mya, and Megan Fox are all huge Éminence fans.

Éminence's products- like the Pear and Poppy Seed Microderm Polisher and SPF 30 Sun Defense Minerals- also frequently grace the editorial pages of *InStyle*, *Shape*, and *Elle* Magazines. Éminence Organics is the exclusive product used in the spas of the Ritz-Carlton and Wynn Hotels, and now you can treat yourself to such indulgent treatments right here at Jackson & Hines!

And don't worry: for all of our diehard Dr Hauschka fans out there, we are still the exclusive provider of Dr Hauschka's signature treatments in Monroe County, but in addition to those services, we now offer a complete menu of Éminence Organics facial treatments as well!

Hope to see you soon!

Pamela Hines

PS: Schedule a Dr Hauschka or Éminence Organics treatment today, and receive a free gift!! Click this link for more details: <http://www.jacksonandhines.com/services.php>
